

TrapEze[®] High Flyer

HIGH DUSTING SLEEVES

50 4 in. x 20 in. sleeves per case

PRODUCT SPECIFICATIONS

1.0 Description

TrapEze[®] High Flyer is a single-ply, disposable, adhesive coated dusting sleeve that removes particulates from overhead and hard-to-reach surfaces, including walls, vents, cabinets and shelving, light fixtures, crown molding, and vaulted ceilings.

2.0 Properties

Property	Value
Thickness	0.12 in. $\pm$ 0.04 in. 3 mm $\pm$ 1 mm
Weight	3.24 oz./y2 $\pm$ 10% 110 g/m2 $\pm$ 10%
Fiber Type	100% PET – 70% Recycled
Product Style	Single-ply nonwoven one-sided adhesive
Color	White

3.0 Construction

Single-ply, nonwoven polyester fibers are coated on one side with a proprietary adhesive and secured with a heat-sealed seam.

4.0 Directions for Use

Slide over a standard or reach-extending dusting tool. If necessary, tear at the perforation to fit your cleaning tool. Run even passes along high or hard-to-reach surfaces while applying light pressure. Periodically check sleeve during use and replace with a fresh sleeve once loaded. Dispose of dusting sleeves after use.

5.0 Product Care

Store in a clean dry area.
